Demo, simulator, and real-money mode

Parameter	Meaning
Demo product owner	Guest free-play issued BetOnRed, game document Gates of Olympus 2500 arrived from demo server Pragmatic Play.
Balance sheet currency	In the Gates of Olympus 2500 demo, USD is shown; in Aviamasters — FUN. Both entries relate to demo credit.
Registration required	Seven demos were saved from the guest screen without an authorized session. For money mode, the interface offers Log in / Sign up.
Deposit required	A saved free spin does not require a monetary payment; for real-money play, the account's cashier and legal terms apply.
The same settings are available	In the demo, Buy Feature, Special Bets, autoplay and turbo are visible. Matching the real-money menu requires the same gameId and mode configuration.
Balance reset rule	In the confirmed scenario, a new demo session is reinitialized with 100 000,00 USD demo credit. The saved start screen confirms the initial value and the reset result.
Cash withdrawal is possible	Demo USD/FUN are used only in the demo engine; there are no cash withdrawals from the demo balance.
Mathematical configuration match	The rules, RTP, limits, and gameId of the two configurations are compared. A demo success by itself does not certify that the money-session math is identical.
Mobile access	The demo=true web route is separated from the installed APK v1.4.9 and iOS WebView v6.4.2. The app versions and the corresponding demo runs have been confirmed by an expert.
Switching to cash mode	The real-money play route begins with a separate login and verification of a valid permission. The demo balance is not transferred to the real-money balance when switching.
ID demo episode	Internal record DEMO-GO2500 — a public free-play snapshot and a separate confirmed scenario at the start of its visible state.
Demo balance currency	For DEMO-GO2500, the unit of demo credit is USD. For Aviamasters, the unit is FUN.
Initial demo balance	The opening frame DEMO-GO2500 shows 100 000,00 USD of a demo credit. Aviamasters had 1 000,00 FUN.
Reset demo balance	After the confirmed 20 rounds, the remaining 99 990,60 USD. With the restart 100 000,00 USD accepted for the confirmed scenario, they again reflect the starting credit; the difference 9,40 USD is not a payout.
Demo session summary	DEMO-GO2500: screen loaded successfully. A verified session of 20 spins yielded 30,60 USD in payouts on 40,00 USD in bets and a confirmed balance of 99 990,60 USD.

Comparison of saved web demos

The group is dated 19.11.2026. All seven game screens below were saved in free-play mode. The country of personal verification is Poland. For each row, the money session, APK and WebView remain separate methods of access and launch.

The verified DEMO-GO2500 series uses the balance and bet from the saved starting frame. The sequence of full payouts for spins in USD demo credit: 0; 0,80; 0; 1,20; 0; 0; 0; 2,00; 0; 3,40; 0; 0; 5,00; 0; 6,60; 0; 0; 11,60; 0; 0. Over 6,3 minutes, spins at 40,00 USD gave 30,60 USD, a final balance of 99 990,60 USD and a return share of 76,50%. With the confirmed theoretical RTP 96,00%, the expected payout on the same turnover is 38,40 USD. The observed frame confirms the loading and screen parameters. The twenty-spin chain is verified, and the results and calculation formulas are confirmed.

Intervals until the game screen opens

In the guest web scenario, Gates of Olympus 2500 from demo activation to the ready screen takes 5,7 s in the confirmed scenario. Searching and selecting the card precede this interval and take a separate 5,4 s in the interface calculation. The saved frame shows the demo opening successfully.

For SPEED BLACKJACK 6 RUBY, the confirmed browser route scenario from card selection to the first frame gives 5,1 s. The parameter refers to the loading scenario, while the saved 5–1 000 EUR and 2/7 refer to the visible card EN/EUR.

Demo, launch conditions and gameplay observations

Seven free-play pages with demo=true, a login/registration screen and Switch Game. A public card `startGame` was obtained for each game; responses from external gaming documents were saved. Bets and results were verified in demo mode without a monetary transaction. Session parameters and technical links are not included in the database.
